by
2. Dr. Freist Automotive GmbH, Alte Heerstr. 21, 38644 Goslar, Germany.
3. We declare under our sole responsibility for the product:
4. Part of this declaration is a medical face mask type II with anti-viral and anti-bacterial properties „Sono MN Type E3“ (see also material data sheet E3) with a nose clip of nickelfree aluminium and elastic bands. This medical face mask should not be reused. This unsterile face mask should be used in contact with other people to reduce the probability of infections for the surrounding and (with lower probability) for oneself. The antiviral layer at the outside minimizes the spreading of bacteria and viruses through contact with the hand.
5. The product described in 4 is in conformity with the relevant Union harmonisation legislation 93/42/EWG. The biocide is a registered product according to (EU) Nr. 528/2012.
6. The medical face mask fulfills the technical specification EN 14 683:2019 (October 2019) (Certificate Number 2026009/142, 2020-11-04, Fa. HygCen, Austria) and in addition the german „Medizinproduktegesetz“. Anti-bacterial properties have been confirmed acc. to ISO 20 743 by Fa. Hohenstein Laboratories GmbH & Co. KG , Germany, report 20.8.3.0057/1 dated 2020-07-09 and anti-viral properties acc. to ISO 18184:2019 by Eurovir Hygiene Labor, Germany with report dated 2020-05-23. A design- and process FMEA for the product shows controllable risks.
7. The manufacturer has a certified quality management system according to ISO 9001:2015 (Dekra 7.10.2020).
